

# LEADTEK 2022 Investor Conference

2022/12/14

---

# Company Profile

Incorporation: 1986/10/24

IPO: 1999/6/3

Stock code: 2465

Capital: 589 million NTD

Chairman & CEO: K.S. Lu

Headquarters: Taipei, Taiwan

Subsidiaries: China and Japan

Number of employees: 380

## REVENUES

NTD in Million

# Company Org. Chart

# A leading brand of graphics cards for 36 years

A full range of consumer/workstation graphics cards, powered by NVIDIA Ada Lovelace architecture, combining the third-generation RT core and the fourth-generation Tensor core, provide high-quality and diverse products to fully meet the needs of the market.

# AI Cloud Computing Total Solution

- NVIDIA-Certified System for Enterprise
- System Planning, software Integration
- GPU Technical Service, maintenance Service

WinFast Series NVIDIA-Certified Workstations & Server

NVIDIA

NVIDIA DGX A100

# AIDMS AI Management Software

The AIDMS management process uses a graphical interface. Users do not need to write programs (No-Code). Start AI deep learning and model training with one click, complete training and verification in three days, and quickly implement application in seven days. Even users who don't understand AI and codes can quickly realize AI digital transformation with Leadtek's assistance.

## Industrial application

Semiconductor manufacturing

Consumer electronics

Automobile manufacturing

Medical and pharmaceutical industry

Beverage and food industry

Defect detection

Machine vision

Smart monitoring

## Educational application

Accelerate your teaching environment construction, thesis research, industry-university planning

AIDMS

# DRIVE AGX Orin DevKit

The NVIDIA DRIVE<sup>®</sup> platform is the solution for autonomous vehicle (AV) development for highly automated supervised driving with fully autonomous operation. The platform includes active safety, autonomous driving, parking and AI cockpit functions.

# Leadtek Thin Client & Ultra-Thin Client

## Manage Your VDI Endpoints Smartly

Full Range Performance | High Network Adaptability  
Easy Management | Powerful Security  
Customization Capability

## Full Range Performance

From school and office daily task to thin clients for government and enterprise critical mission, Leadtek continues to provide new models for VDI (Virtual Desktop Infrastructure) applications.

You can find:

- **Zero Client** with no local storage and operating system
- **Thin Client** featuring biometric authentication
- **Ultra-Thin Client** using non-removable embedded Multimedia Card (eMMC) to secure business-sensitive data

# NVIDIA DLI Course

Leadtek is an NVIDIA authorized deep learning institute (DLI), and the courses are taught by Leadtek lecturers who are qualified NVIDIA DLI instructors. Nearly 1000 school and corporate training sessions have been completed, spanning across schools, finance, IT, medical, automobile manufacturing, and many other industries.

The banner features the NVIDIA logo on the left, followed by the text 'DEEP LEARNING INSTITUTE'. To the right, it says 'HOSTED BY' above the 'LEADTEK' logo and the Chinese characters '麗臺科技'. The background is a dark, abstract network of glowing green and purple lines. The main title 'NVIDIA Deep Learning Institute' is centered in large white font, with 'Courses' below it in a smaller white font. Below the title, there are seven rounded rectangular buttons arranged in two rows, each containing a course name.

**NVIDIA** | DEEP LEARNING INSTITUTE | HOSTED BY LEADTEK 麗臺科技

## NVIDIA Deep Learning Institute

### Courses

- FDL Fundamentals of Deep Learning
- NLP Natural Language Processing
- Recommended System
- Multi-GPU Acceleration
- CUDA C/C+ Accelerated Computing
- CUDA Python Applications
- RAPIDS Acceleration Data Science
- mGPU Multi-GPU Model Training

# NVIDIA Omniverse Enterprise

Leadtek is the Asia-Pacific distributor of the NVIDIA Omniverse Enterprise platform.

Creators, designers, and engineers can integrate users and top professional 3D design tools on the Omniverse platform. As updates, iterations and changes do not require data preparation, they are instantly reflected to simplify the work process.

## NVIDIA OMNIVERSE

Accelerate workflows and projects with a real-time collaboration and true-to-reality simulation platform for organizations of any scale.

# NVIDIA vGPU Solution

In a virtualized environment that's powered by NVIDIA virtual GPUs, the NVIDIA virtual GPU (vGPU) software is installed at the virtualization layer along with the hypervisor. This software creates virtual GPUs that let every virtual machine share the physical GPU installed on the server. Demanding engineering and creative applications, as well as compute-intensive workloads like AI and data science, can be supported in a virtualized and cloud environment.

## NVIDIA Virtual Compute Server(vCS)

Power the most compute-intensive workloads with virtual GPUs

## NVIDIA RTX Virtual Workstation (vWS)

Virtual Workstations for creative and technical professionals using graphics applications.

## NVIDIA Virtual PC (vPC)

Virtual desktop infrastructure for knowledge workers who use office productivity applications and multimedia.

## NVIDIA Virtual Applications (vApps)

Application streaming with Remote Desktop Session Host solutions.

# Leadtek Big Data Solution

Provide efficiency-optimized information products and services that help decision making

We assist in the construction of data collection, modeling and cleaning, data storage, data acquisition, data analysis, decision-making models, and intelligent imaging platforms to help users in efficient management, precise focus on development strategies, and create value.

## Fields of application

# ProfitPoint

Intelligent assistant system for national health insurance declaration

- Facilitate the optimization of the reporting operations of medical institutions, and reduce the burden of tedious and repetitive tasks for users
  - Through the verification mechanism, reduce the risk of being deleted and indirectly increase the number of declared benefit points
  - Get instant and highly reliable data analysis results quickly and immediately
- Remind the declaration optimization/doubtful items to reduce the omission of manual inspection
  - Real-time presentation of data analysis charts related to declarations
  - Assist the hospital to grasp key information about medical decision-making in advance

# Safe Exchange

Safeguard NAS with blockchain tech

## Easy and quick construction

Private cloud data storage and exchange system for enterprises

## Data vault

Protect 10%  
high-value data

## Advantages of Safe Exchange Data Vault

1. Identity Verification + Smart Contract
2. Blockchain + File fingerprint
3. Fragmentation + Encryption
4. Intrusion Detection + Trap

# AI Smart Medical Solution

# Fingertip Pulse Oximeter Global sales offices

Leadtek merged the world-renowned oximeter brand AlVital into its smart medical product line in 2019, further expanding its smart medical lineup. The AlVital fingertip pulse oximeter is designed, developed and manufactured in Taiwan.
